The principal or supervisor shall then immediately notify the Superintendent's office of the threat and together they shall take immediate steps in cooperation with the employee to provide every reasonable precaution for the employee's safety. Precautionary steps, including any advisable legal action, shall be reported to the Superintendent's office at the earliest possible time.

Eye Protective Devices

Every student, teacher, and visitor in public schools shall wear appropriate eye protective ware while participating in or when observing vocational, technical, industrial arts, art, or laboratory science activities involving exposure to:

- A. Molten metals or other molten materials.
- B. Cutting, shaping, and grinding of materials.
- C. Heat treatment, tempering, or kiln firing of any metal or other materials.
- D. Welding fabrication processes.
- E. Explosive materials.
- F. Caustic solutions.
- G. Radiation materials.

The Board shall equip the schools with eye protective ware.

Schools may receive and expend federal, state, and local monies to provide eye protective devices.

For purposes of this procedure, *eye protective ware* means devices meeting the standards of the U.S.A. Standard Safety Code for head, eye, and respiratory protection, Z21-1959, and subsequent revisions thereof, approved by the United States of America Standards Institute, Inc.

Cloth Face Coverings

All persons, including, but not limited to, staff, students, vendors, visitors, and volunteers, shall wear a cloth face covering while on any District property, in any District facility, at any District event, whether indoors or outdoors, and in any District vehicle, including District busses or vehicles rented or leased by the District.

Cloth face coverings should not be worn by:

- A. Children under the age of 2;
- B. Anyone who has trouble breathing;
- C. Anyone who is unconscious, incapacitated, or otherwise unable to remove the mask without assistance.

The Superintendent may make exceptions to the requirement to wear a cloth face covering while keeping in mind the health and safety of everyone involved.

Cloth face coverings are to fully cover a person's nose and mouth, ideally fitting snugly but comfortably against the sides of the face and under the chin. They are to remain affixed in place without the use of one's hands and are to not have holes. They are to be laundered regularly or disposed of appropriately.

A cloth face covering does not replace the need for frequent handwashing, covering coughs and sneezes, and practicing physical distancing (six feet [6'] away) to the extent possible. Individuals are to be reminded to avoid touching their cloth face covering and to wash their hands frequently. To ensure the proper use of cloth face coverings, staff and students are to be educated on how to wear and care for their cloth face coverings.

DEPARTMENT OF COMMUNITY DEVELOPMENT

Building Safety Division

1 City Plaza

Yuma, AZ 85364

www.YumaAz.gov

January 25, 2021

Dear: Tim Brienza, Associate Superintendent, Yuma Union High School

The City of Yuma thanks you for providing notice and an operation plan for the upcoming athletic events occurring at your schools. The regulatory body for Arizona school athletics and activities is the Arizona Interscholastic Association (AIA), so any local school is required to meet the AIA regulations leaving the local Arizona city/town little or no independent jurisdiction.

The general AIA guidelines are found here: <https://www.aiaonline.org/files/17051/aia-recommended-guidelines-for-return-to-activity.pdf> and the AIA Winter Sports modifications are found here: <https://www.aiaonline.org/files/17250/2020-winter-sports-modifications.pdf>.

The AIA guidelines are put forth with the approval of the Arizona Department of Health Services (AZDHS), and the AIA guidelines are specific to scholastic events and enhance the existing AZDHS or Federal Centers for Disease Control and Prevention (CDC) general guidelines. As previously discussed, the AZDHS and CDC prioritize outdoor events over inside events, as outdoor events provide ample fresh air and space to social distance. The City of Yuma has implemented the CDC/AZDHS priorities for outdoor events and has refrained from approving any inside event through the next 30 to 90 days to allow the region's COVID benchmarks to subside. However, the AIA guidelines are specific to the Arizona school athletics and activities and therefore control.

The City of Yuma defers to the AIA guidelines including the monitoring and enforcement required by each school. In accordance with Governor Ducey's Executive Order 2020-59, the City of Yuma will place your mitigation plans on the City of Yuma website. Obviously, community health is paramount; please feel free to reach out to the City of Yuma as a resource and to assist you in protecting our community's health.

Respectfully,

Randall Crist, CBO/Interim Director of Community Development
